

Back Yourself

Excerpt from Tūtira Mai used with kind permission of the Huata whānau

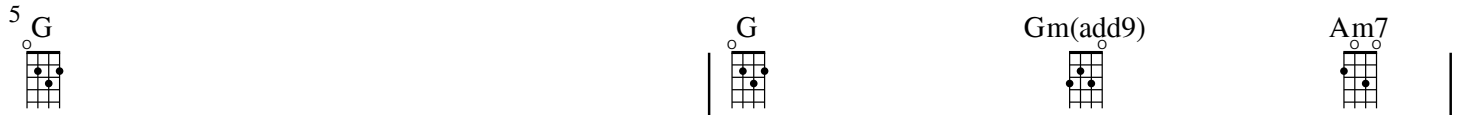

Music and Lyrics by Ben Sinclair and Jeremy Dillon

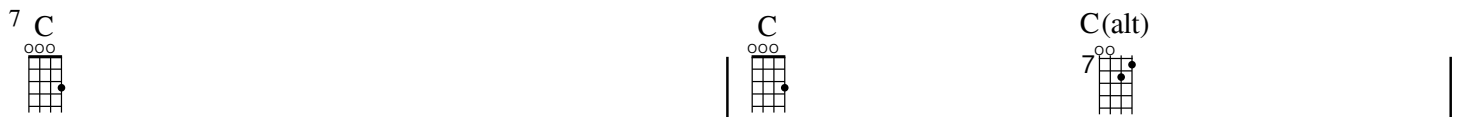

♩ = 96 Intro x2

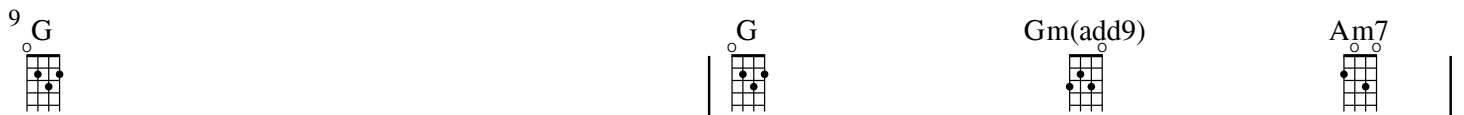

It's not easy to believe in yourself It's easier to leave your dreams on the shelf

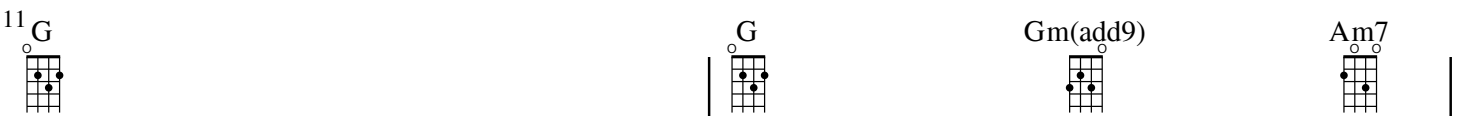

But if you start to believe, who knows what you'll achieve Maybe things that you couldn't even conceive

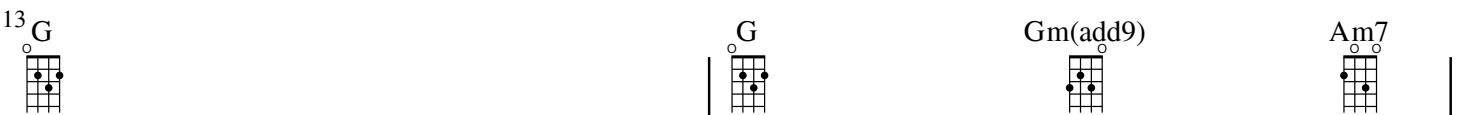

Don't listen if they say you can't do it Keep trying cause I know you'll get through it

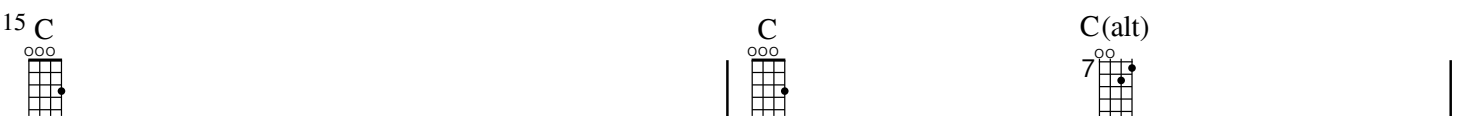

Just give it a go because you never know Which way the winds are gonna blow

It's not easy to back yourself It's easier to attack yourself

And when the voice inside says that you should hide Dig deep and tell yourself the voice lied

Don't listen to negative voices Keep trying cause we've all got choices

17  |  |  |  |

Choose to be your best, and you're feeling stressed Don't forget every one of us is so blessed

19  |  |  |

No limit to what you can do-oo Take a chance and believe in you-oo

21  |  |  |  |

Go ahead and back yourself And you can not go wro-o-ong

23  |  |  |  |

I'll be right beside you And together we'll be stro-o-ong

25  |  |  |  |

And if somebody doubts you It doesn't matter what they sa-a-ay

27  |  |  |  |

Do we worry 'bout haters? NO WAY! Tūtira mai ngā iwi! Aue!

29  |  |  |  |

It's not easy to believe it's true When nobody else believed in you

31  |  |  |  |

No one had your back So you got too slack And your life went a little bit off track

33  |  |  |

So believe in yourself and rearrange it Every day is another day to change it

35  |  |  |  |

Move towards the light, 'cause there's hope in sight And everything is gonna be alright

37  |  |  |

No limit to what you can do-oo Take a chance and believe in you-oo

39  |  |  |  |

Go ahead and back yourself And you can not go wro-o-ong

41  |  |  |  |

I'll be right beside you And together we'll be stro-o-ong

43  |  |  |  |

And if somebody doubts you It doesn't matter what they sa-a-ay

45  |  |  |  |

Do we worry 'bout haters? NO WAY! Tūtira mai ngā iwi! Aue!

47  |  |  |  |

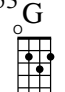

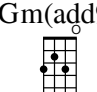

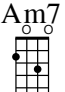

It's not easy to believe you're someone When you feel like you're always the dumb one

49  |  |  |  |

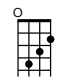

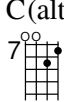

You say things you regret Then you start to sweat And their laughter is difficult to for-get

51  |  |  |

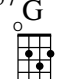

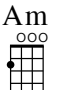

Don't listen if they're making fun of you You're special and there's only one of you

53  |  |  |  |

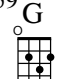

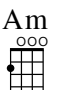

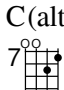

Don't be one of the crowd Stand up tall and proud Raise your voice Shout it out real loud

Em
55  |  |  |

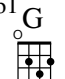

No limit to what you can do-oo Take a chance and believe in you-oo

57  |  |  |  |

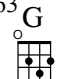

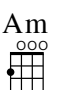

Go ahead and back yourself And you can not go wro-o-ong

59  |  |  |  |

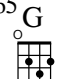

I'll be right beside you And together we'll be stro-o-ong

61  |  |  |  |

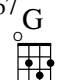

And if somebody doubts you It doesn't matter what they sa-a-ay

63  |  |  |  |

Do we worry 'bout haters? NO WAY! Tūtira mai ngā iwi! Aue!

Tony the Tiny Pony

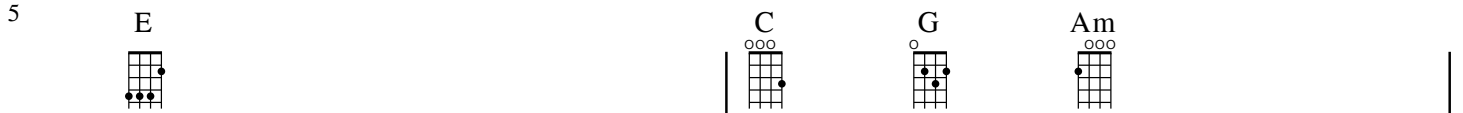

Music and Lyrics by Ben Sinclair and Jeremy Dillon

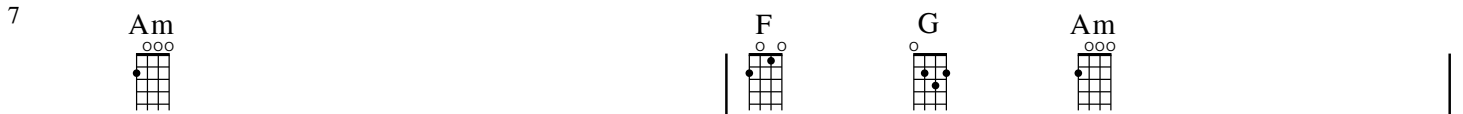

Intro x2

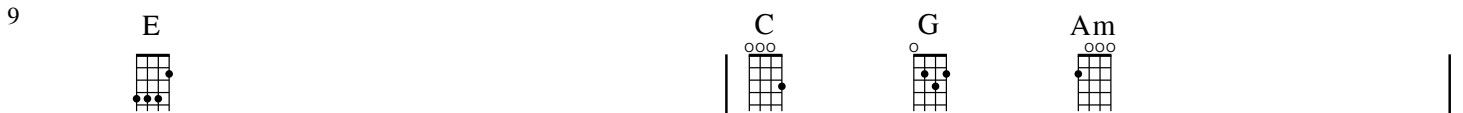

Hey listen up cowboys, cowgirls, and cow-everybody else too

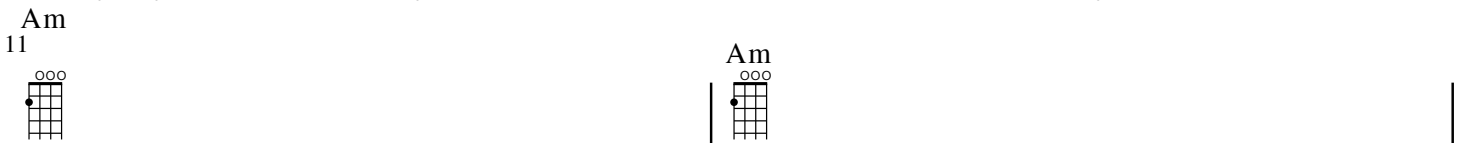

It's time I told you a story, and every word is true

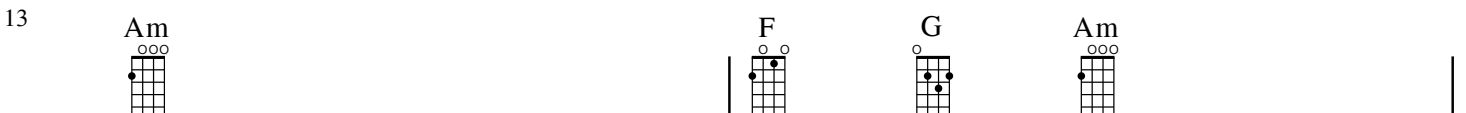

This here's the tale of pony, who's just 6 inches high

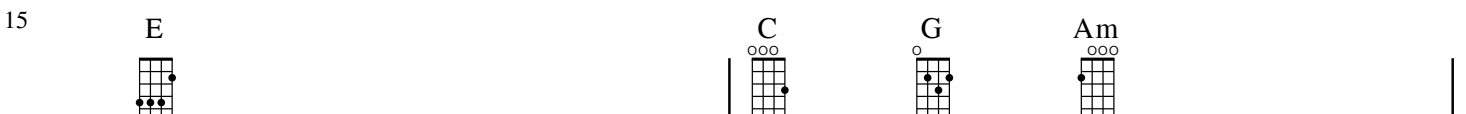

They say his name is Tony, which I can verify

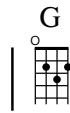

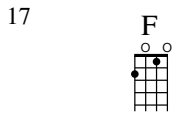

(Yep... that's his name)

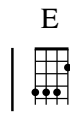

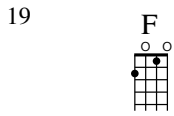

Now Tony the Tiny Pony, had a rather lofty goal

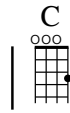

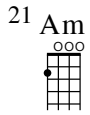

He wanted to deliver mail, with all his heart and soul

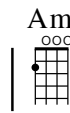

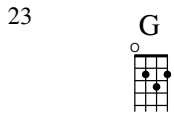

So he tried to join the Pony Express, but much to his dismay

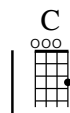

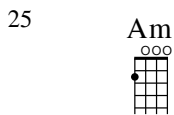

The other ponies voted, and they all said neigh!

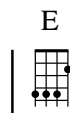

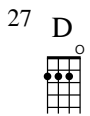

Tony is a pony, in case you haven't guessed

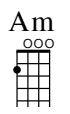

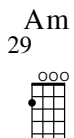

And Tony is so tiny, as his name would suggest

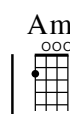

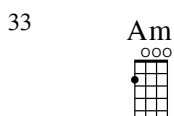

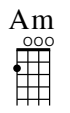

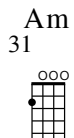

But his size will never matter if he always does his best

I swear that ain't baloney, he's Tony, the Tiny

Pony

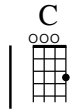

Then one day a tiny parcel arrived at the Pony Express

35

With a mouse hole scribbled down

as the delivery

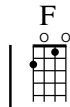

address

37

Those ponies had a problem

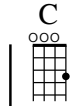

with delivering that cheese

39

Cause all if them were far too big,

even

on their

knees!

Am
41

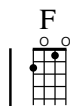

(They couldn't even push the tiny doorbell with those big hooves)

43

So the ponies called up Tony

and they all

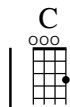

apologised

45

And Tony did his very best

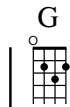

to not sound too surprised

47

Next thing you know young Tony

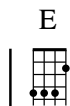

had a tiny saddle bag

49

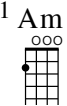

And a long list of instructions

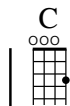

cause those ponies love to nag!

51

Tony is a pony,

in case you haven't guessed

53

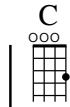

And Tony is so tiny,

as his name would suggest

55

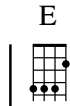

But his size will never matter

if he always does his best

57

I swear that ain't baloney,

he's Tony,

the Tiny

Am

59

Pony

61

(Let me hear you all clap your hands)

63

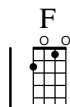

Giddy up Tony

(Giddy up Tony)

65

The one and only

(He's not a phoney)

67

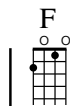

Giddy up Tony

(Giddy up Tony)

69

Well he's twice as nice and he's got more spice than pepperoni!

Am
71

73

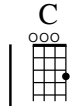

So Tony rode for days and nights,

escaping certain doom

75

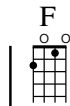

He jumped over a cotton reel

and dodged a dusty broom

77

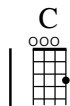

It felt like it took several weeks

for him to reach the door

79

But the mouse was quite ungrateful,

and his manners rather poor

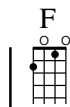

Am
81

(He didn't even say thank you)

83

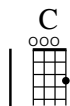

So Tony headed homeward,

feeling like he'd just been played

85

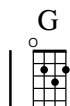

But he was soon delighted

by a welcome home parade

87

The ponies all accepted him

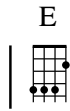

regardless of this height

89

Cause Tony is the greatest,

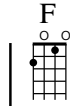

yeah he is out of sight!

91 Dm

Tony is a pony,

in case you haven't guessed

93

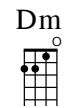

And Tony is so tiny,

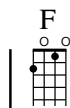

as his name would suggest

95

But his size will never matter

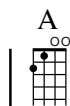

if he always does his best

97

I swear that ain't baloney,

he's Tony,

the Tiny

Sing a Silly Song

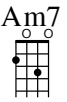

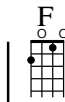

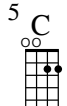

Music and Lyrics by Ben Sinclair and Jeremy Dillon

♩ = 96 Intro x2

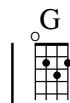

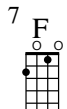

Sometimes you wanna let your hair down

And kiss all your worries goodbye

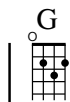

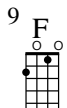

Sometimes you've got a really good reason

Sometimes you have no idea why

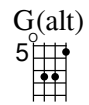

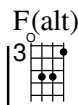

Sometimes you can be too serious

And things can get a little precarious

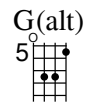

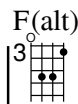

You know what I think would be hilarious

If we all got a little bit delirious

Sing a silly song

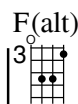

Go on and take a chance

Spin around and round

And dance a dizzy dance

La da de da

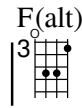

Sing a silly song

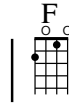

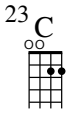

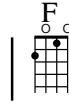

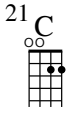

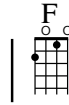

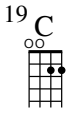

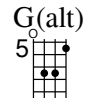

It doesn't have to rhyme

You can sing it fast

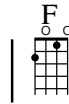

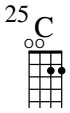

Or you can take your cat to the movies

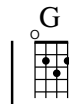

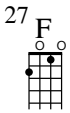

Sometimes you get a little frustrated

When things aren't going your way

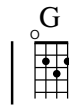

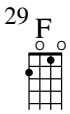

But don't forget to kick your heels up

Turn your frown around and play

Sometimes you can be too serious

It's more fun to be gregarious

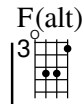

You know what I think would be hilarious

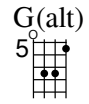

If we all got a little bit delirious

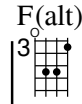

Sing a silly song

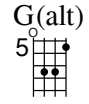

Go on and take a chance

Spin around and round

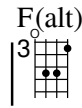

And dance a dizzy dance

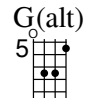

La da de da

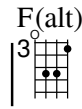

Sing a silly song

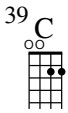

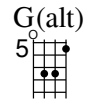

It doesn't have to rhyme

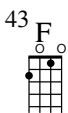

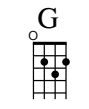

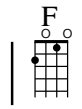

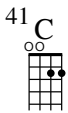

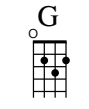

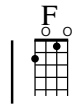

You can play it fast

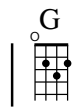

Or you can play A french horn solo!

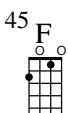

(Horn solo)

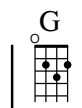

Sometimes you can be too serious

And even though you look mysterious

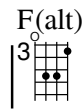

You know what I think would be hilarious

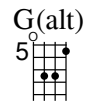

If we all got a little bit delirious

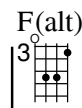

Sing a silly song

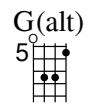

Go on and take a chance

Spin around and round

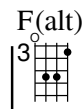

And dance a dizzy dance

You

Always seem to think that you're the boss of me

And I just have to listen to you order me

To go to places I don't wanna go

You

Always seem to think you know much more than me

And I just have to listen to you endlessly

Explaining things that I already know

Being near you is so tiring

Your demands are not inspiring

Being near you is so draining

I'm so tired of gecko-splaining

And it's alarming me

To hear us sing this song in perfect harmony

But I must admit the sound we make is charming me

So maybe there's no harm in you and me

In harmony

I

Guess I sometimes can be quite a bossy boots

And I prob'ly am the cause of some of our disputes

And I should just accept that you are you

I

Know I talk too much and I can be a bore

And I guess that I'd be better if I listened more

And I accept the things you say are true

Being near me must be draining

Sorry 'bout all my complaining

Being near me must be tiring

Shouldn't waste so much time with our silly fights

G#

Like making one another laugh and smile

We

Prob'ly are too similar in many ways

Let's focus on the good things now with no delays

And things might be more peaceful for a while

I feel my heart begin to open

Will this last... here's hopin'

I feel my heart begin to soften

Let's not sing this song too often

And it's alarming me

To hear us sing this song in perfect harmony

But I must admit the sound we make is charming me

So maybe there's no harm in you and me

In harmony

And it's alarming me

To hear us sing this song in perfect harmony

Even though we obviously changed the key

So maybe there's no harm in you and me

Deep Down in Your Soul

Music and Lyrics by Ben Sinclair and Jeremy Dillon

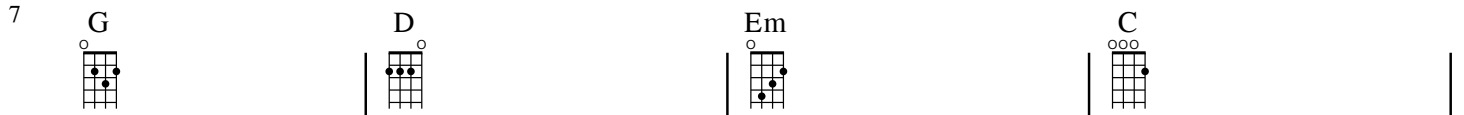

Intro x2

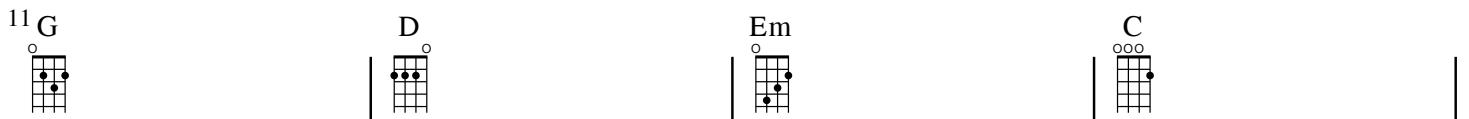

It's not always easy

To know the right thing to do

My friend, breathe deeply

And things will be clearer to you

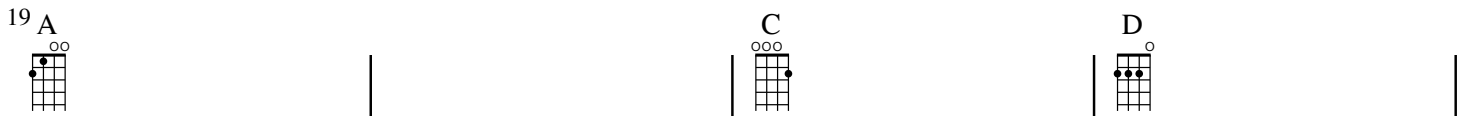

You don't have to worry

You already know the right way

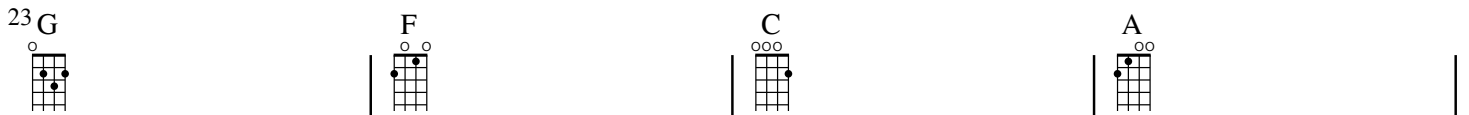

It's just up to you, and I know you'll come through Don't let darkness lead you astray

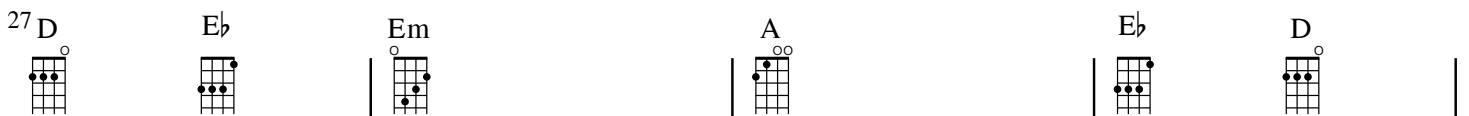

Listen to that voice inside you

The reason it's there is to guide you

You know who you are

Deep down in your soul

Just look around

and you'll find

The strongest among us are loving and kind

31 G F C A

You know what is right So don't lose control
